IP-PSVH-H

VENT HOODS | STEEL | IP55

HINGED

IP Enclosures provide steel hinged vent hoods to increase protection of fans, vents, vent filters and internal components. The top of vent hoods are inclined to prevent settling and building up to liquids, corrosive solids, minerals, dust, dirt and debris on top of the vent hood. All IP Enclosures vent hoods are manufactured with nutserts for ease of installation and gaskets to prevent crevice corrosion. Vent hoods are designed to be fitted to IP Enclosures electrical enclosures, field cabinets, data racks and are supplied with fasteners.

Protection: IP55 (When used with IP Enclosures fans and filters)

Standard: IEC/EN 60529, IEC/EN 62208

Material:

- Body: 1.5mm galvanised steel sheet

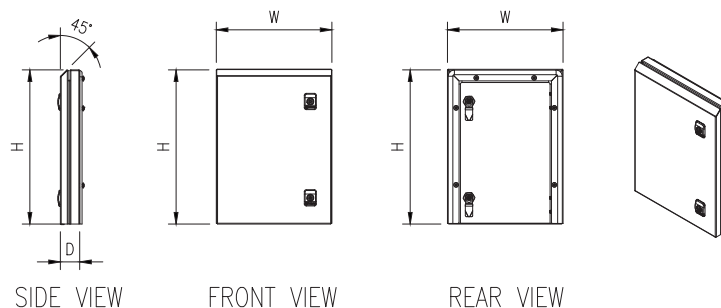

Surface Treatment: UL approved AkzoNobel epoxy polyester powder coated with a textured finish. 80-120 micron average thickness.

Standard Colour: RAL7035 Light Grey.
