

Electrical Enclosure Accessories

IP-SSPLINTH

316L STAINLESS STEEL

Standard Height: 100mm

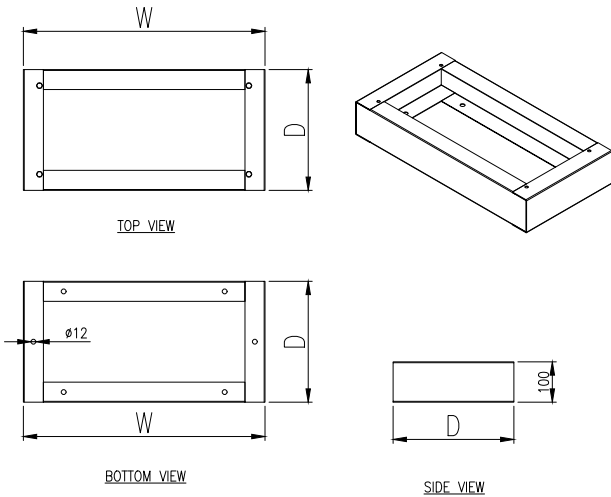

IP Enclosures provides a range of plinths (bases) for stainless steel electrical enclosures. Plinths are 100mm high and sized to suit standard wall-mounted electrical enclosures. They are provided with holes in the top flange to fasten to electrical enclosures, and holes in the bottom flange to anchor into concrete.

Material:
- Body: 2.0mm Grade 316L stainless steel

Body: The body is fabricated from 2.0mm Grade 316L stainless steel. It is provided with holes in the top flange to fasten to electrical enclosures and holes in the bottom flange to anchor into concrete.
